

# The **SHAPE** of you

## Your personality

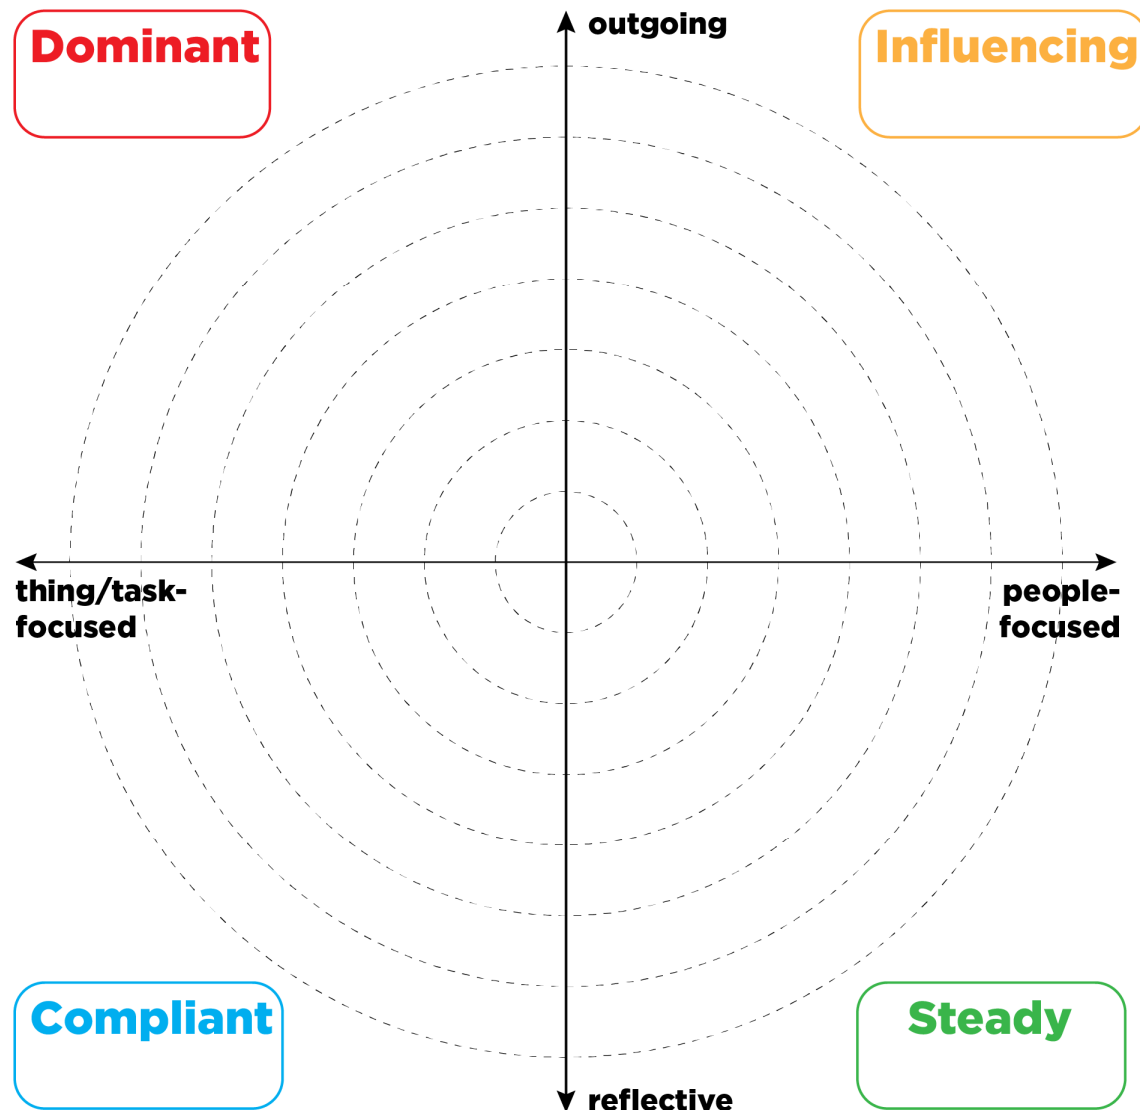

### Two x Two Ways To Live

**Outgoing vs Reflective** – sometimes we focus outwardly, primarily on others, but sometimes our attention is directed inwardly towards ourselves.

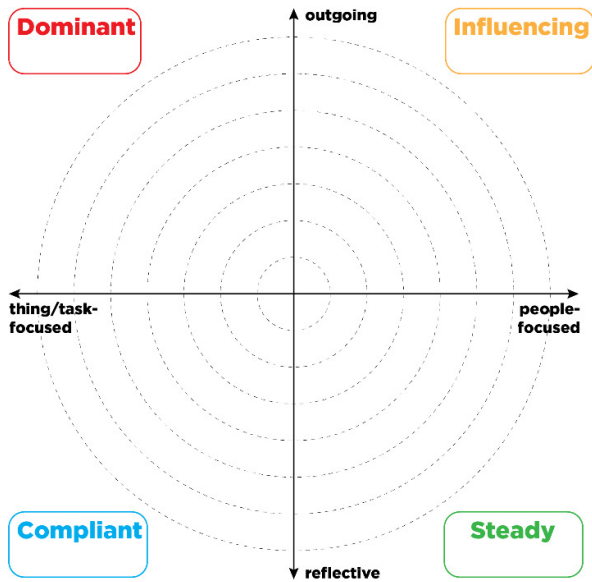

**People vs Things** – sometimes we put a priority on personal feelings and concerns, but sometimes we make tasks and issues our main focus.

We all do all of these things when we need to. But we can also take a snapshot of what we've been doing the most often recently, and this can help us identify what we do the most easily.

Take the 5-10 minute quiz at [www.faithpowered.com/personality-quiz](http://www.faithpowered.com/personality-quiz), draw your results and write in your scores (hover over or touch each quarter-circle to see them).

Your scores are only snapshots - they can change depending on what you've been doing or thinking about the most recently. Have a few more tries later, see what happens!
